

# Roads and marine transport

## **A Road Traffic Assessment will be conducted as part of the EIS.**

This will:

- ◆ assess the impacts of the proposed development on local and state roads and examine how any impacts can be managed
- ◆ look at the potential traffic impact both during construction and when fully operational
- ◆ pay particular attention to Buckley Road, Uhlmann Road and Buchanan Road – treatments and upgrades are being considered for these roads
- ◆ consider pedestrians and cyclists, as well as general road safety
- ◆ consider heavy vehicle movement
- ◆ consider the needs of public transport

## **A Marine Traffic Assessment will also be completed. This will examine potential impacts of the proposed development on:**

- ◆ recreational and commercial activities – both water and land based – in the Caboolture River
- ◆ recreational and commercial boat traffic in the Caboolture River
- ◆ existing navigational channels
