Dear Michael

Re: NorthEast Business Park

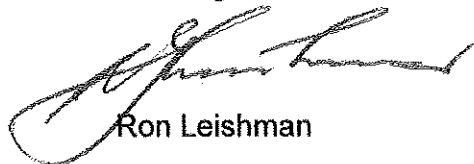

It is with pleasure I provide this letter of support to you for the upcoming project that is the NorthEast Business Park.

I believe this development will be a great asset to the community as well as the businesses that operate here and the residents that live here. Furthermore I believe many businesses will be enthusiastic about moving on site there as well as people will want to live there.

It is my belief that this project will create many jobs and lead to many other business endeavours. The project is appealing, dynamic and will definitely add to the lifestyle of the Region.

I very much support this project and hope that it will be delivered in the very near future.

Kind regards

Ron Leishman
